who are Deployed to Disaster Impact Zone**

PRE / POST DEPLOYMENT Medical Evaluation Form

Use ONLY for EPA Employees Deployed to Disaster Impact Zone

Purpose of Pre/Post-Deployment Evaluation

The Pre/Post-Deployment Evaluation targets EPA employees not currently enrolled in an appropriate medical surveillance program AND who may be exposed to hazardous conditions during disaster response efforts. These employees should undergo, as soon as feasible, basic screening to document current health status, work activities or conditions, and work-related illness or injury. Workers who report repeated or prolonged hazardous exposures, injuries, symptoms or, for whom specific risk factors are identified, shall receive more comprehensive screening directed at risk factors, exposures, or adverse health effects encountered. *This is not a respirator medical evaluation.*

How Does This Work?

• **Pre-Deployment Evaluation**

Pre-deployment assessment is designed to update employee immunizations, identify key health problems (that might complicate deployment), and collect baseline health information for comparison post-deployment.

- EPA will distribute this form and provide a list of employees designated for deployment to FOH. Pre-deployment appointments will take ~30 minutes and can be scheduled by the employee at the designated Health Centers.

• **What makes up the Pre-Deployment Evaluation** There are 3-steps:

- Step. #1 Employees should complete the form (*Pages 3-9*) prior to their scheduled appointment. Employee sections are color coded  and clearly marked ("*EPA employee to complete*"). Using a computer to complete the form will reduce errors, improve legibility, and allow duplicate fields to be populated automatically throughout the form.
- Step #2. FOH nurse records vital signs, administers immunizations, and conducts indicated procedures.
- Step #3 In Health units with a Physician or NP, the practitioner reviews employee medical history and documents concerns or contraindications for deployment. The Physician or NP should complete the **BLACK** sections entitled "*Pre-Deployment Evaluation*" (*Page 4*), "*Pre-Deployment Clearance*" (*Page 10*), and any positive employee responses noted in the "*Medical History*" (*Pages 5-8*).

In Health units without a Physician or NP, the RN in the health unit will review form for completion of employee responses and forward completed form to the Medical Reviewing Officer (RMO). The RMO will document concerns for contraindications for deployment. The RMO should complete the **BLACK** sections entitled "*Pre-Deployment Evaluation*" (*Page 4*), "*Pre-Deployment Clearance*" (*Page 10*), and any positive employee responses noted in the "*Medical History*" (*Pages 5-8*).

• **Record keeping**

- In health units with Physicians or NPs, employees will be given a signed copy of their recommendation (*Page 9*) at the end of their appointment. The original **Pre-Deployment Form** (*Pages 3-10*) is placed in the medical record and a copy faxed to Joe Lima at 617-565-1471. Joe Lima will notify SHEMP Managers of recommendations.
- In health units without Physicians or NPs, the original **Pre-Deployment Form** (*Pages 3-10*) is placed in the medical record and a copy faxed to Joe Lima at 617-565-1471. Joe Lima will forward information to the RMO. Joe Lima will notify SHEMP Managers and health units of recommendations.
- Employees are also given the **Post-Deployment Form** (*Pages 11-14*). This form is used by the employee to document exposures during their deployment. Employee updates the Deployment Exposure History (*Page 12*) during his/her deployment. Once employee returns to home station, the employee should complete the Post-Deployment Form (*Pages 11-14*) and fax it to Joe Lima at 617-565-1471. The employee should save a copy for personal records.

Post-Deployment Medical Referral *(FOH Nurse or Medical Reviewer completes)*

I have reviewed the Pre/Post-Deployment information provided by the above employee. As a result of this information:

- ☐ **NO ADDITIONAL Follow Up is needed.** Pre/Post-Deployment forms have been filed in the medical record.
- ☐ **REFERRAL IS NEEDED.** Further evaluation, as described below, is needed to evaluate a possible work-related exposure.
- ☐ **WORK LIMITATIONS ARE NEEDED.**

The following work limitations or referral is recommended:

The employer should call Wayne Grant at (816) 926-7700 if they need assistance if arranging the recommended evaluation.
